

# EcoNAT

## Release Notes

Release notes for 3.1.3.4.4 version.

Release date January 21 2019.

### **Added**

Added information about limited functionality (if any) in the output of **the show version** command.

A trial license has been implemented that counts the time only with traffic.

### **Fixed**

URL filtering. Fixed filtering of IPv6 traffic when the entry type in the registry is **blockType = 'ip'**.
